Class Fee \$330 Deposit:\$165 16 CE Hours

Offered By Moksha Sharon Kolman

This training includes processes from spiritual and psychic healing and Polarity Therapy. We will be using color, sound, inner processes and hands-on work to clear, balance and energize the chakra vortices and oval fields. Much of the training is devoted to clearing our own energy bodies, expanding consciousness and embracing our vaster selves. Methods will be shared for working with others as well. This class is very helpful for people involved with healing work.
